

ENVIRONMENTAL POLICY

Our Environmental Policy

At Avis Budget Group, our vision is to be recognised as the **Best Vehicle Rental Company in the World**. Achieving this means delivering sustainable mobility solutions while acting responsibly, ethically, and with respect for the environment.

Guided by our values – **Customer Led, Ownership, Inclusion, Innovation, and Integrity** – we are committed to reducing our environmental impact and continuously improving how we operate.

Our commitments

Customer Lead

We provide safe, reliable and increasingly sustainable mobility solutions, helping customers make more environmentally responsible choices through cleaner, more efficient vehicles and services.

Ownership

We take responsibility for managing and reducing the environmental impacts of our fleet and operations, including emissions, resource use, waste, and pollution.

Inclusion

We engage our people, suppliers, and partners in shared responsibility for environmental performance and require environmental standards throughout our supply chain.

Innovation

We apply innovation, technology, and data to improve fleet efficiency, reduce emissions, and enhance environmental outcomes across our business.

Integrity

We act ethically and transparently, comply with applicable environmental laws and regulations, and communicate openly with stakeholders about our performance and progress.

We maintain an Environmental Management System aligned with **ISO 14001** and regularly review our objectives to support continuous improvement.

Through these commitments, Avis Budget Group strengthens trust, protects the environment, and supports its ambition to lead the global vehicle rental industry.

Donald Hayes,
General Manager
