

Information about new car groups/car classification in Norway

Valid from: 1st October 2021

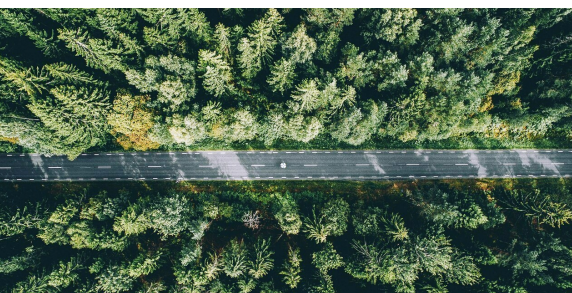

Avis and Budget Rent a Car is making changes towards a more sustainable fleet. The most significant change is that we will include more EV's (electrical vehicles) in different sizes, and all car groups except group EBMR (A) will have automatic transmission.

In addition, our 9-seat minibus (LVAR) will now be available for reservations via GDS.

Please note that all car groups may not be available in the Budget fleet.

Bookings that are already confirmed prior to October 1st will be handled as normal and car group and price will not be affected.

Please find overview over new car groups below.

Overview over new car groups, valid from 1st October 2021

Car Group	SIPP Code	Vehicle Make	Vehicle Model	Vehicle Group	Vehicle Type	Fuel Petrol (P) / Diesel (D) / Mixed (M) / Electric (E) / Hybrid (H)	Transmission Manual (M) / Automatic (A) / Tiptonic (T)	Air Conditioned?
